Late September to early October

## HOW TO READ THIS DECK

# Choose The Stay You Want To Wake Up In

The right hotel is not always the one with the longest amenity list. For this trip, the stay should make the days feel easier, more romantic and more memorable.

### Room

Would the view and terrace change how the mornings feel?

### Rhythm

Does the location support slow days, dinners and easy movement?

### Feeling

Does the property create the kind of anniversary memory you want?

# What Matters Most In The Hotel Decision

I compared these stay options against the trip you described, not against a generic idea of luxury.

## 01 Room view

The room should feel like part of the destination, not just a place to sleep.

## 02 Privacy

You should have quiet spaces where the trip feels like yours.

## 03 Ease

Transfers, dinners and day plans should feel smooth once you arrive.

## 04 Romance

The property should create natural anniversary moments without over-planning.

## 05 Food

Dining should feel memorable, local and relaxed.

## 06 Location

The setting should support the kind of days you actually want.

# Three Different Ways To Stay On The Coast

01

## Ravello Clifftop Sanctuary

**Quiet, elevated, scenic**

Best when you want privacy, space and a slower romantic pace.

02

## Positano Village-View Romance

**Iconic, atmospheric**

Best when you want the coast to feel cinematic and close to the action.

03

## Private-Cove Retreat

**Secluded, resort-led, restful**

Best when the resort itself should deliver the wow feeling.

OPTION 01

# Ravello Clifftop Sanctuary

A quieter, elevated stay where the hotel gives you space, sea views and slower anniversary days above the busiest part of the coast.

---

**BEST IF YOU WANT**

Privacy, romance and  
a calmer base

**HOTEL RECOMMENDATION**

# The Stay Feels Slow, Scenic And Private

## Why the room matters

Here, the terrace is the experience. Breakfast, late afternoons and quiet mornings all feel elevated because the view is always part of the day.

## Best room request

A sea-facing suite with a private terrace, strong outdoor seating and easy access to the pool or garden level.

#### OPTION 01

## Choose Ravello For Quiet Romance

### Best for

Couples who want the view, the terrace and the room to be a meaningful part of the trip.

### Pause if

You want to be right in the centre of the coast's busiest restaurants, beach clubs and late-night energy.

### Advisor note

This is the most balanced anniversary stay: scenic, calm and special without feeling sealed off.

Best next move: hold a sea-facing terrace suite while we confirm exact dates and room category.

OPTION 02

# Positano Village-View Romance

A more atmospheric stay where the hotel places you inside the energy of the coast: views, restaurants, evening lights and movement.

**BEST IF YOU WANT**

Iconic views and a livelier coastal rhythm

**HOTEL RECOMMENDATION**

## OPTION 02 EXPERIENCE

# The Stay Feels Iconic, Lively And Cinematic

## Why the location matters

This option puts the coast around you: village views, evening atmosphere, restaurants and the feeling of being inside the postcard.

## OPTION 02

# Choose Positano For Lively Coastal Energy

### Best for

Clients who want the classic Amalfi image: village views, terrace dinners and easy access to the atmosphere.

### Pause if

You want the quietest possible base. Positano can feel busier and more vertical than it looks in photos.

### Advisor note

This option is emotionally strong, but it asks you to trade some calm for atmosphere.

Best next move: request a higher sea-view room, not a lower room that loses privacy and view quality.

## OPTION 03

# Private-Cove Retreat

A resort-led stay where the property itself creates the memory: private water access, pool time, quiet service and a slower rhythm.

### BEST IF YOU WANT

Maximum resort wow and privacy by the sea

### HOTEL RECOMMENDATION

# The Stay Feels Like A Private World By The Water

## Why the resort matters

This is the strongest option if the hotel itself should create the wow feeling: pool, water access, privacy and slower resort days.

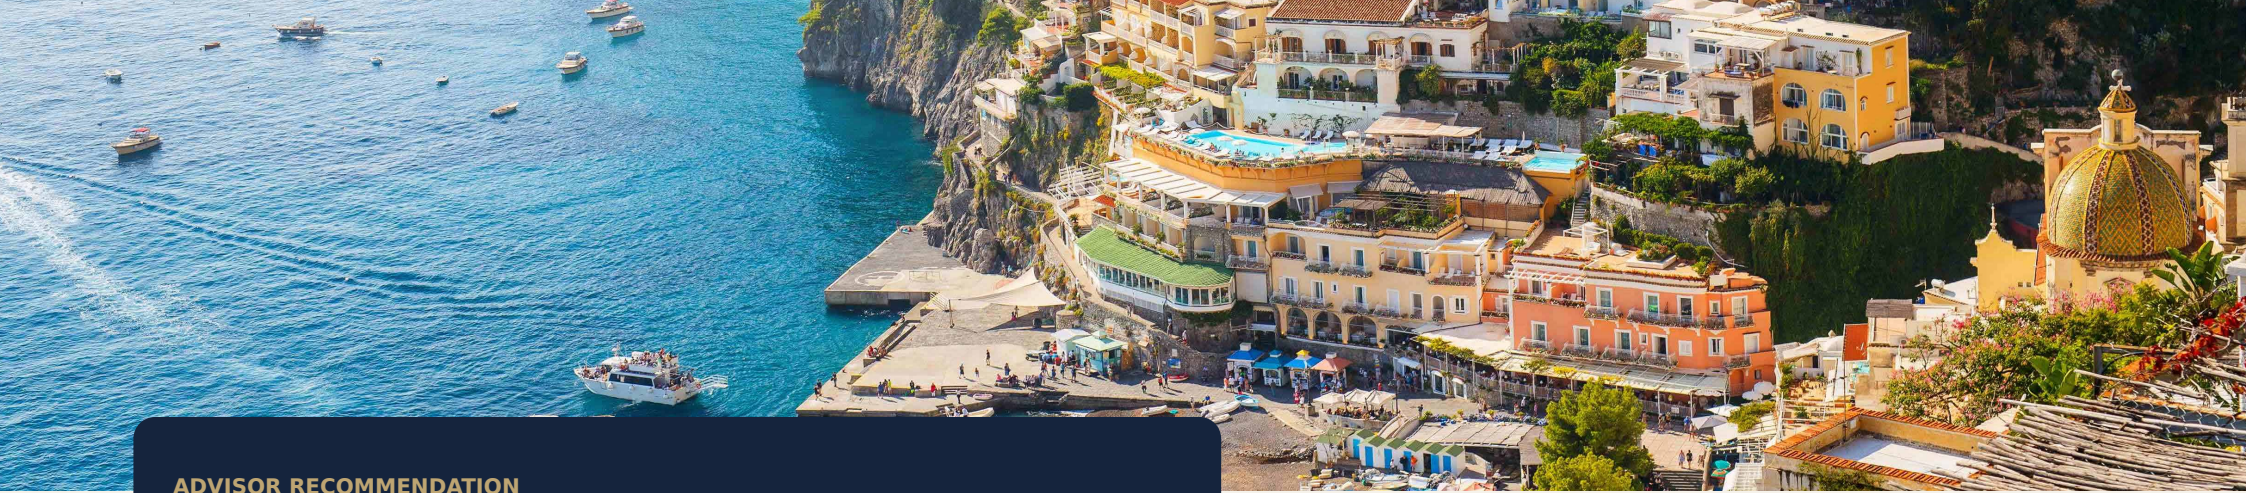

## COMPARE BY FEELING

# The Clearest Choice Depends On The Kind Of Days You Want

Use this less like a scorecard and more like a mirror. The right stay should sound like the holiday you actually want.

|                                                        |              |                      |
|--------------------------------------------------------|--------------|----------------------|
| I want quiet mornings, big views and privacy.          | Ravello      | <b>Strongest fit</b> |
| I want iconic village atmosphere and romantic dinners. | Positano     | <b>Strongest fit</b> |
| I want the resort itself to feel like the main event.  | Private Cove | <b>Strongest fit</b> |
| I want easy access to restaurants and movement.        | Positano     | <b>Most natural</b>  |
| I want the most restful stay with the least friction.  | Private Cove | <b>Very strong</b>   |
| I want an elegant base that feels removed from crowds. | Ravello      | <b>Very strong</b>   |

Decision cue: choose the stay whose ordinary moments feel best - breakfast, slower afternoons, coming back after dinner, and opening the door in the morning.

#### ADVISOR RECOMMENDATION

## My Recommended First Hold

For your anniversary trip, I would hold the Ravello clifftop option first. It gives the best balance of romance, view, privacy and calm while keeping the coast easy to enjoy.

01

Confirm whether  
Ravello feels  
right.

02

I check exact  
room category  
and availability.

03

We hold the best-fit  
option before  
building the full  
proposal.

The next decision is simple: which stay would you most like to wake up inside?
